

Class of 1974
30th Reunion Survey

In order to help plan our 30th reunion we need to pick your brain. Please take a walk down memory lane and answer the questions below – there are no wrong answers and you can give more than one answer for a question if you'd like. You don't have to answer all the questions – just keep in mind that the more you answer, the bigger our cross section will be.

1. The places we lived:

What dorm did you live in freshman year?

Where else did you live while at SC?

Who had the coolest dorm room?

2. The classes we took:

What was your favorite class?

What was your least favorite class?

Which class do you think was the most difficult?

Who was your favorite professor?

What was the most fun skills class you took?

Which skills class did you consider to be most difficult?

3. The music we listened to:

What song (or songs) do you hear on the radio that immediately transport you back to our college days?

What are some of your favorite albums from our SC years?

Do you have a favorite song from that time? Please share it:

How about the best concert you went to during those years? (on campus or off):

4. Our leisure time:

What were some of your favorite college pastimes?

Do you remember the best party? There were a bunch; please describe one you're thinking about.

We all have moments in time that will never be forgotten – please describe one such SC moment.

Is there one funny memory that still makes you laugh after all these years? We'd like to share the laughter, can you describe it?

What was your favorite college event?

Did you participate in any practical jokes? Which one was the most fun?

Do you have a favorite mealtime memory from Cheney?

5. Our 25th Reunion: (answer if you attended)
Which activity did you enjoy the most?

Was there any activity that you felt was a waste of time?

6. Our 30th Reunion:
Where would you like to have the class dinner?

Do you want a speaker at the dinner?

Who would you suggest (if you answered yes)?

Is there an activity you would like to see added?

Are there any lost friends that you would like contact information for?

Would you be willing to make one or two phone calls to friends/roommates to help increase participation?

The answers to sections 1-4 will be tabulated and available at our reunion. If you answered 'yes' to making a phone call to help increase participation please be sure to add your name, email address and/or phone number and the names of those you'd like to call.

Please help by returning this questionnaire in the envelope provided before October 23, 2003. Thank you!!
